

Thai Journal of Pharmacology

Vol.23, Supplement 1, 2001

CONTENTS

- S6 Preface**
- S19 PL1 The endothelin system as a therapeutic target in heart failure
- S20 PL2 Clinical applications of botulinum toxin
- S35 PL3 สารพิษต่อระบบประสาทที่อาจนำมาใช้ประโยชน์ในการรักษา
- S40 SY1 Natural products as drugs: evaluation of efficacy and safety
- S43 SY2 Natural products as drugs: evaluation of efficacy and safety
- S44 SY3 Natural products as drugs: evaluation of efficacy and safety
- S45 SY4 Natural products for health and cosmetics: fact or myth
- S46 SY5 New hypolipidemic agents
- S47 SY6 ยาด้านเกร็ดเลือดกลุ่มใหม่ (New antiplatelets)
- S60 SY7 ยารักษาโรคเบาหวาน : มุมมองและประสบการณ์ทางคลินิก
- S66 SY8 กลไกการหลั่งฮอร์โมนอินซูลิน: แนวโน้มการวิจัยในปัจจุบันและอนาคต
- S71 SY9 Antidiabetic drugs
- S77 SY10 Molecular modeling in drug design

S2

- S86 SY11 Use of bioinformatics in drug discovery
- S96 SY12 Nootropic drugs : evaluation on the safety and efficacy
- S110 O1 An in vitro study for the activation of anti-tumor cytotoxicity between autologous dendritic cell alone, tumor cell alone, and fusion of autologous dendritic cell and tumor cell from a glioblastoma multiforme subject
- S111 O2 Glutamate ameliorates pyridoxine-induced neuropathy : A preliminary report
- S112 O3 Arylamine N-acetyltransferase-2 genotype polymorphism in Thai population
- S113 O4 Antioxidant and hepatoprotective effects of *Polygonum odoratum*
- S114 O5 The protective effect of garlic oil on chloroform-induced toxicity in rats
- S115 O6 Study of the extract from *Curcuma* spp. containing cobra venom inhibiting activity
- S116 O7 Effects of angiotensin II and tumor necrosis factor- α on cardiac apoptosis and NOSII expression
- S117 O8 Selective COX-2 inhibition with celecoxib inhibited atherosclerotic plaque development in cholesterol-fed rabbits
- S118 P1 Gastroprotective effect of roselle mucilage
- S119 P2 Pharmacological effect of curcuminoid from turmeric on the smooth muscle preparations
- S120 P3 Could Mawaeng krueo fruits (*Solanum trilobatum* Linn) produce expectoration effect ?

- S121 P4 Cytochrome B-5 reductase activity and methemoglobinemia in human red blood cells of patients receiving nitroglycerin
- S122 P5 Effect of (N-hydroxymethyl)-2-propylpentamide on rat hepatic cytochrome P450
- S123 P6 Effects of nitric oxide synthase inhibitor, L-NAME on locomotor activity in stress rats
- S124 P7 Social isolation alters the behavioral effect of carbamazepine on the rat forced swimming test
- S125 P8 Modulation of COX-2 expressed in LPS-treated endothelial cells by COX-metabolites.
- S126 P9 Effects of Russell's viper venom proinflammatory cytokine production in cultured human umbilical vein endothelial cells
- S127 P10 1,2-Dimethyl-3-phenyl aziridine: An impurity in methamphetamine
- S128 P11 Comparative pharmacokinetic study of two-postcoital contraceptive agents containing levonorgestrel
- S129 P12 Effect of primary human cholangiocarcinoma cell on platelet functions
- S130 P13 Short-term effects of branched-chain amino acids on liver function tests in cirrhotic patients
- S131 P14 Drug utilization study before and after the managerial intervention at King Chulalongkorn Memorial Hospital
- S132 P15 A pharmacokinetic study for single oral dosages of fexofenadine at different preparations (60, 120, and 180 mg tablets) in healthy Thai subjects
- S133 P16 Bioequivalence study of the generic cefotaxime(Ceftaran[®]) and the innovator preparation(Claforan[®]) in healthy Thai male volunteers
- S134 P17 Pharmacokinetics and the effects on psychomotor performance of caffeine in energy drinks in Thai healthy volunteers
- S135 P18 Celecoxib restore endothelial function in hypercholesterolemic rabbits
- S136 P19 Antioxidative effects of Pueraria mirifica in cholesterol-fed rabbits
