

Thai Journal of Pharmacology

Vol 20 No1 Jan-Apr 1998

CONTENTS

EDITORIAL

RESEARCH ARTICLES

- I** **Role of protein kinases in the induction of inducible isoform of cyclooxygenase-2 (COX-2) by endotoxin-activated endothelial cells.**
P Akarasereenont, C Thiernemann
- 11** **Effects of lovastatin on plaque formation and LDL oxidation in cholesterol-fed rabbits**
L Phivthong-ngam, R.H Boeger, SM Bode-Boeger, M Boehme, A Muegge, J C Froelich

CASE REPORT

- 23** **Efficacy of fluocinolone acetonide in the treatment of oral lichen planus 5 years follow up**
K Thongprasom, T Sererat, W Taweessap

REVIEWS

- 31** **NMDA Receptor and the therapeutic potential of its ligands**
P Khunawat
- 37** **An intercellular messenger : Nitric oxide**
S Pananookooln

NEW DRUGS

- 45** **Selective COX 2 inhibitors**
P Akarasereenont

- 49** **PHARMACOLOGICAL DIGEST**
